Lilac has a welcoming energy that enables the individual to open to what is needed, attracting what each chakra needs to become balanced and aligned. It is useful when feeling sensitive or shy, as Lilac has an alluring ability to draw energy focused introspectively out in a loving way. It opens the heart chakra, and encourages an expression that is loving, nurturing and adept at creating beauty. Beauty in its purest form brings wonder and joy, and when truly appreciated gifts a full heart of love and satisfaction.

This essence is uplifting and enticing; it carries you in times of darkness or difficulty. Lilac's frequency brings in a higher perspective and offers light from the cosmos through the crown chakra. It helps to cultivate inner light in an aware and conscious way. Lilac essence is useful for those who may have shut down or feel closed off from their surroundings and connection to Spirit. It offers a supportive loving energy that illuminates what is needed for healing. Lilac assists in opening back up to the joys of life and attracting what is needed for further growth and development from a heart centred perspective. It helps one to find the sweetness of life once more.

Lilac essence was made at Wesak festival, Buddha's birthday. Enlightening influences are felt at Wesak as it is a time of "mass-initiation" for committed Lightworkers. It is the time of the year when Spiritual progress is accelerated immensely for everyone! Lilac essence can support spiritual progress and practice.
